TYPES OF PHOTO SHOOTS

Conformation Sale Photos: our standard sale photo package includes one view each of left side, right side, 3/4 view and head shot. Other views are available upon request. *Required: clean background on level ground.*

Loose Photos: we offer loose photos of any age horses or foals. *Required: safe fenced area with pleasing background.*

Stallion Photos: can include riding photos, loose photos and conformation photos. *Required: see above.*

Riding Photos: under-saddle photos of any age horse/rider. *Required: outdoor area works best.*

Other Photos: We offer virtually any type of photo shoot for facility, products, pets or humans. Ranch shoots, family shoots, graduation photos, team photos - just get with us and let us know what you have in mind.

BACKGROUNDS, LIGHTING & WEATHER

Backgrounds and lighting are an integral component to any great photo, especially conformation photos. A poor background can ruin an otherwise fabulous image. For conformation photos, we prefer the background to be free of distraction, and as far away from the subject as possible. Ideally, the terrain will allow the horse to slightly elevated in relation to the camera.

Afternoon shoots: background will be to the East or Northeast. Shooting timelines depend on time of year.

Morning shoots: background will be to the West or Northwest. Shooting timelines depend on time of year.

Weather: ideally, we need full sun or <30% cloud cover, and less than 10mph wind speed. Temperature doesn't matter.

DISCLOSURE & PHOTOGRAPHER RIGHTS

Customers are hereby granted permission to use any photos taken by us for any desired purpose, except resale for commercial use. We retain ownership and all rights to all photos, and may use them in any promotional capacity per our discretion. If an exemption is desired, it must be discussed and agreed upon prior to the photo shoot. By hiring Stoney's Web Design, and photographers in their employ, customers indicate full agreement to these conditions.
